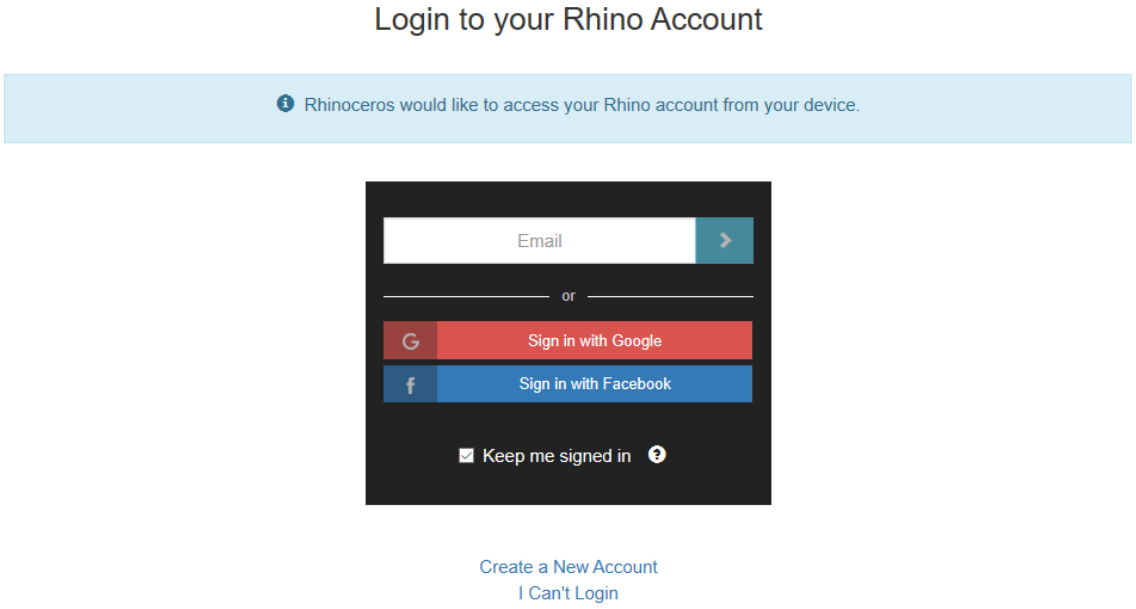
Rhino Accounts

Greetings,
You have been invited by Mike Harring to join the team **CAP Computer Lab**. If you accept this invitation, team members will be able to view your name and email address.
Accept your invitation here.
Thanks,
Andrés Jacobo
Robert McNeel & Associates

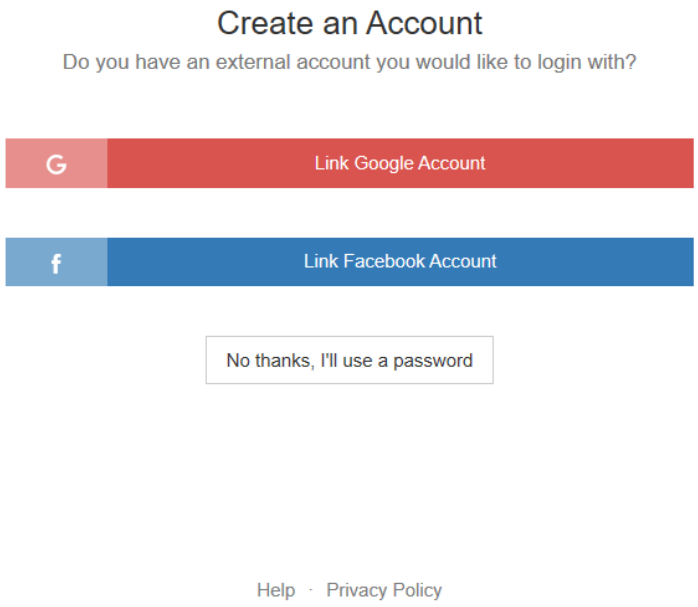
Step 7:

Create a new Rhino account using your university email address. If you already have an account setup with your university email login with that account



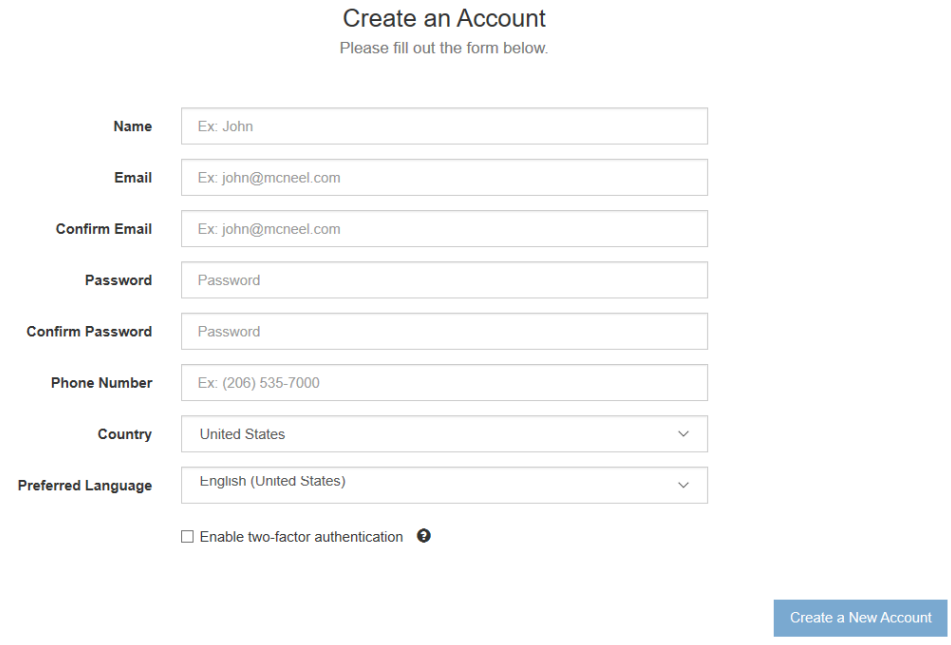
Step 7a:

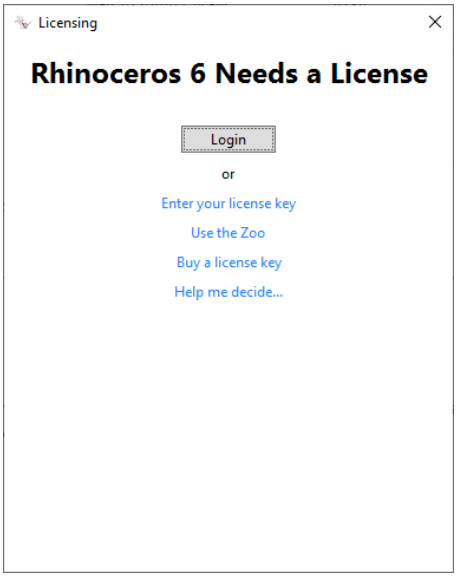
Click on “No thanks, I’ll use a password” to use your university email account.



Step 7b:

Enter you’re your information in the fields and click on “Create a New Account”



Step 8:


Once account creation is complete, start Rhino. At the license prompt click Login.
