

**UCHealth Epic Training
Intern/Resident/Fellow instructions:**

PGY1:

UCHealth will set up each Intern for training based on spreadsheet sent to us from Alyssa Maxfeldt and send out confirmation letters to the email provided.

PGY2 and above:

UCHealth will send an email out to each coordinator with a spreadsheet that they will need to fill out for their Residents/Fellows around March 15th. Based on the information I receive back, I will either set them up for the Online Epic Review or a Provider Lab and send out confirmation emails with the coordinator CC'd on them.

If you have any questions, please email Provider_ITEducation@uchealth.org

Please note: The Office of Graduate Medical Education does not track the completion of the UCHealth Epic Training.

Thank you,

Shara Mesecher
Training Coordinator, Provider Onboarding Team
