### Agenda Notes:

1. Students pursuing a second undergrad degree: do they need to retake the Core or certain courses to complete CU Denver Core? UWG has asked for feedback.
  - a. Because this deals with CU Denver Core, we should try to have a university-wide policy, keeping in mind that students who switch colleges will have to deal with different Core requirements specific to each school/college.
  - b. Draft a university-wide policy and send out to all schools/colleges and Admissions for approval.
    - i. Schools/colleges have authority to set time limit on age of general ed courses;
    - ii. Majors with specific, time-sensitive information have different limits.
    - iii. CCOC will take feedback about draft and vote on policy in the first meeting of spring 2013.
2. Transfer students who start with gtPathways approved CO-2 and CO-3 courses at other Colorado institutions: CU Denver does not offer CO-3 courses. One solution that was explored at the Undergraduate Working Group is to add a CO-3 course for transfer students. The Undergraduate Working Group has asked CCOC for feedback on such an option.
  - a. In DARS, encode CO-2 as ENGL 2030, with option to change it on a case-by-case basis. Individually, could count CO-2 as ENGL 1020 and allow students to take ENGL 2030 if advisor deems it necessary.
    - i. Ask English to make a recommendation on this proposal. Discuss during spring 2013.
    - ii. Send draft proposal to advisors, Admissions, Records, and English.
  - b. Potentially add CO-3 courses at CU Denver.
3. Check-in on progress of core course reviews. Clarify need for reviewers to take an additional three to four sections for review (per Ingrid's e-mail). Completed course reviews due **23 November 2012**.
  - a. There will be 22 additional sections to review this semester.
