# Supplemental Instruction (SI)  
**Fall 2020**

*Fall SI Sessions begin Monday, August 17th through Saturday, December 5th*

**SI** is a series of weekly interactive and collaborative study sessions for students taking traditionally difficult classes.

**What to expect with SI:**

- Actively engage in critical thinking and analyzing concepts
- Receive clarification and reinforcement of most difficult concepts
- Collaboratively work and engage with your classmates
- A place to learn and make mistakes
- NOT a re-lecture
- Develop strategies for studying
- Compare and discuss notes with classmates

Supplemental Instruction Sessions are now being conducted through [Zoom](https://www.zoom.com)
