- Registration required - space is limited
- Click to Register
- Visit Virtual Front Desk
- Zoom ID provided after registration

Friday, January 15

Part 1: 10:00am - 1:00pm
Part 2: 2:00pm - 5:00pm

Saturday, January 23

Part 1: 9:30am - 12:30pm
Part 2: 1:30pm - 4:30pm

Part 1 Topics
- Fraction Manipulation
- 2x2 Tables

Part 2 Topics
- Scientific Methods and Study Design
- Word Problems Practice
- Study Tips

Benefits of I-Prep
- Work with peers to learn key concepts and complete practice problems similar to those in class.
- Meet your network of classmates and LRC’s tutors, and opportunity to form study groups
- Build transferable study strategies
- Receive additional course-related materials to reference throughout the semester

For additional support during the semester, please take advantage of the free SI, tutoring, study skills workshops, and other services. Visit our website for more info/to sign up.
