Manager Certification Program

“Education is the kindling of a flame, not the filling of a vessel”

~Socrates
Strategy
Our strategy is to provide professional and leadership development at all levels that is linked directly to supporting the University’s Mission, Vision and Values, as well as, the execution of the strategic priorities related to enhancing and promoting development programs at all career stages.

Program Introduction
The Learning and Development team is excited to announce our new self-paced, customizable Manager Certification Program. This program includes a core curriculum and a set of elective courses. Leading others requires individuals to acquire and grow a new set of skills and abilities. The courses in this program have been chosen to provide leads, supervisors, managers, and individuals looking to move into one of these roles with foundational tools to help them be successful. Developing as a leader goes beyond attending formal classroom/virtual courses. Research shows that leadership potential is developed three distinct ways: 1) on-the-job work experience, 2) coaching/mentoring from the person’s supervisor and/or other key individuals, and 3) formal classroom/virtual training.

A good manager must be able to handle a variety of situations. The courses in this program range in competencies and topics that will help a manager navigate these situations. The courses can be taken in any order and as time permits and approved by the individual's manager/supervisor. These courses are offered on a variety of platforms from attending instructor led courses to on-line such as SkillSoft, Zoom and Canvas. For information regarding how individuals are selected and how progress will be tracked, please see the Resources section at the back of this guide. In addition, this program includes a development plan template to be used to identify skills/competency development, coaching opportunities, on-the-job training, and course selection. This template is intended to be the participant's roadmap and conversation tool for the participant and manager to discuss progress throughout the program.
As with any new program, we will review feedback and determine if modifications should be made to the program. If you have any questions or would like to discuss how we can further customize this program for your department, please feel free to reach out to me.

Thank you,

Debbie Lammers

The following outlines the request for nomination process:

- An individual can request to be nominated by clicking here. This will take you to the C-Vent site.
- Part of the interest form requires you to include the name and email address of your supervisor. We encourage all individuals to discuss their interest in the program prior to submitting a nomination request.
- Once the nomination is received, an email will be sent to the supervisor notifying them of your interest and will provide next steps.
- The supervisor must complete a Supervisor Nominator for the employee to participate in the Manager Certificate Program.
- If there are any questions regarding enrollment, please email HR.TrainingRegistration@ucdenver.edu.

Program Tracker

To assist individuals in tracking their progress, there is a program tracker that participants must complete. The program tracker will be included in the confirmation email the participant receives once nomination is submitted through C-Vent. After completing all requirements, the participant must submit the completed PDF to the Learning and Development team. Once the team has confirmed completion of requirements, the participant will receive a certificate of completion.

Development Plan

To assist individuals and managers in identifying an annual development plan, there is a Manager Certification Program Development Plan template that participants and managers should jointly complete. This template guides the participant and supervisor in identifying skills/competencies to focus on for a 12-month period. It includes identifying no more than three development goals for the 12-month period, identify the activities (coaching, on-the-job learning, or classes) associated with the goal, monitor progress, and regular sign-off/discussion with the supervisor.
FAQs

Q: Is supervisor approval required for the program?

A: Yes. Individuals can express interest in the program by completing the employee interest information on the C-Vent site; however, they must have the approval of their supervisor to participate in the program. Once the request is received, the Learning and Development Team will confirm approval with the applicant’s supervisor.

Q: After completing the program, will I be eligible for a raise or promotion to manager?

A: This certification program does not guarantee raises or promotion to a supervisor/manager position. It is intended to help individuals gain/enhance skills and competencies to be successful in their current role and future roles that may become available. Please talk with your supervisor/manager concerning raise and promotion opportunities.

Q: If I have already taken any of the courses listed prior to registering for the program, can I show them as complete?

A: Yes. Previous attendance in any of the courses that have been taken within the last 2-years or have not had significant changes (i.e., Crucial Conversations, Crucial Accountability) can count towards completion of the program.

Q: If the class was conducted by my department, can I include as a completed course?

A: Yes. If your department hosted the course, please make a notation on the tracking guide that this was a department sponsored course. If we have any questions, we will contact you regarding the course. Same restriction applies as noted in the first question/answer.

Q: How long will it take me to complete the program?

A: As this is a self-paced course, it will primarily depend on your availability to complete the requirements. Typically, this type of program could take approximately two to three years to complete. Remember this is a process that is more than just attending courses. You will work with your manager to create opportunities for practicing skills learned in class, coaching/mentoring, and other on the job tasks.

Q: What if the class(es) I need to attend are full with a waitlist?

A: Individuals enrolled in the certification program will receive priority consideration for enrollment in classes. If you are attempting to enroll in a class and it is full, please send an email to HR.TrainingRegistration@ucdenver.edu and we will assist in your enrollment.
