Manager Certification Program

*“Education is the kindling of a flame,
not the filling of a vessel”*

~Socrates

Welcome!

The Learning and Development team is excited to offer a self-paced, customizable **Manager Certification Program** includes a core curriculum and a set of elective courses. Leading others requires individuals to acquire and grow a new set of skills and abilities. The courses in this program have been chosen to provide leads, supervisors, managers, and individuals looking to move into one of these roles with foundational tools to help them be successful. Developing as a leader goes beyond attending formal courses. Research shows that leadership potential is developed three distinct ways: 1) on-the-job (OJT) work experience, 2) coaching/mentoring from the person's supervisor and/or other key individuals, and 3) formal classroom/virtual training.

A good manager must be able to handle a variety of situations. The courses in this program range in competencies and topics that will help a manager navigate these situations. The courses can be taken in any order and as time permits and approved by the individual's manager/supervisor. These courses are offered on a variety of platforms from attending instructor led courses to on-line such as SkillSoft, Zoom and Canvas. You will use this guide to track your progress.

As with any new program, we will review feedback and determine if modifications should be made to the program. I look forward to helping you throughout your journey in this program. If you have any questions please feel free to reach out to me.

Thank you,

Debbie Lammers

Assistant Vice Chancellor, Learning and Development

Instructions

We have designed this guide so you can populate dates for when you plan to attend which courses and update when you've completed the courses. This will help you self-monitor what still needs to be done to qualify for the certification. Once you have completed all the requirements, and have filled in all the completed dates, you and your supervisor will sign the last page and email this entire document to

HR.TRAININGREGISTRATION@CU-ANSCHUTZ.EDU. Our team will then verify completion, issue your certificate, and update HCM showing you've completed the Manager Certification Program.

FAQs

Q: Is supervisor approval required for the program?

A: Yes. Individuals can express interest in the program by completing the employee interest information on the C-Vent site; however, they must have the approval of their supervisor to participate in the program. Once the request is received, the Learning and Development Team will confirm approval with the applicant's supervisor.

Q: After completing the program, will I be eligible for a raise or promotion to manager?

A: This certification program does not guarantee raises or promotion to a supervisor/manager position. It is intended to help individuals gain/enhance skills and competencies to be successful in their current role and future roles that may become available. Please talk with your supervisor/manager concerning raise and promotion opportunities.

Q: If I have already taken any of the courses listed prior to registering for the program, can I show them as complete?

A: Yes. Previous attendance in any of the courses that have not had significant changes (i.e., Crucial Conversations, Crucial Accountability) can count towards completion of the program.

Q: If the class was conducted by my department, can I include as a completed course?

A: Yes. If your department hosted the course, please mark the completion date and then mention that in the notes section on page 7. If we have any questions, we will contact you regarding the course.

Q: How long will it take me to complete the program?

A: As this is a self-paced course, it will primarily depend on your availability to complete the requirements. Typically, this type of program could take approximately two to three years to complete. Remember this is a process that is more than just attending courses. You will work with your manager to create opportunities for practicing skills learned in class, coaching/mentoring, and other on the job tasks.

Q: What if the class(es) I need to attend are full with a waitlist?

A: Individuals enrolled in the certification program will receive priority consideration for enrollment in classes. If you are attempting to enroll in a class and it is full, please send an email to HR.TrainingRegistration@cuanschutz.edu and we will assist in your enrollment.

Progress Tracker

Core Curriculum – Instructor Led Training

These courses are scheduled on a regular basis and subject to availability.

To view course schedule and information on how to register, visit our website at <https://www1.ucdenver.edu/offices/human-resources/learning-development>.

You can also click the registration links below for information about the individual course.
