New This Year for CCTSI Pilot Grants

For All Grants:
- A special focus/priority for COVID-19 based applications
- Diversity and Health Disparity Focus

For CO-Pilot Grants:
- Introduction of a new award category “Early-Stage Diversity Award”
Colorado Pilot (CO-Pilot) Grant Program

Provides one-year pilot grant awards to encourage cross-disciplinary and collaborative research in clinical and translational medicine

Major goals

• Support junior faculty/early-stage investigators in their efforts to become an independent PI
• Facilitate developing preliminary data in hypothesis-driven projects to help securing future federal funds
• Foster new collaborations among established CSU/CU investigators
CO-Pilot Awards

Multiple CO-Pilot awards for one-year projects

Categories:

• Early-Stage Investigator Diversity Award: $30,000
• Mentored Awards: $30,000
• Junior Awards: $30,000
• CSU/CU Collaboration Award: $60,000

https://cctsi.cuanschutz.edu/funding/copilot
Child and Maternal Health Pilot (CMH-Pilot) Grant Program

Provides one-year pilot grant awards to encourage cross-disciplinary and collaborative research focused on children of all ages as well as pregnant women and mothers of newborn and young infants that will ultimately improve child and maternal health

Major goals

- Provide comprehensive mentorship for junior faculty
- Support junior faculty in their efforts to become an independent PI
- Facilitate developing preliminary data in hypothesis-driven projects to help securing future federal funds
CMH-Pilot Awards

Multiple CMH-Pilot awards for one-year projects

Categories:
• Mentored Awards: $30,000
• Junior Awards: $30,000

https://cctsi.cuanschutz.edu/funding/cmhpilot
Colorado Clinical and Translational Sciences Institute

Funding Opportunities
Each year, the CCTSI awards more than $2 million in pilot grants, microgrants, and pre-doctoral and post-doctoral research scholar awards. You can find more information on each grant and how to apply below.
CO/ CMH-Pilot Grant Program
Eligibility

• CCTSI Members
• Faculty at CCTSI Affiliated Institutions (including PostDoctoral trainees for Junior/Mentor Awards)

CU Anschutz Medical Campus
CU Boulder
CU Denver
Colorado State University

University of Colorado Hospital
Children’s Hospital Colorado
National Jewish Hospital
Denver Health
VA Eastern CO Health Care System
Kaiser Permanente Colorado
CCTSI Pilot Programs: PI Eligibility by Academic Rank

These are typical rank eligibility listings for applicants from CCTSI Affiliated Institutions. If you have eligibility questions for atypical ranks, please contact the appropriate Pilot Program office.

1 Later Career Assistant Professors (4-7 years of experience) typically have prior research funding
2 Early Career Assistant Professors (1-3 years of experience) typically have had limited or no prior research funding
3 Includes Research Scientist rank at Colorado State University
Colorado Pilot Grant Program (CO-Pilot)

Provides one-year pilot grant awards to encourage cross-disciplinary and collaborative research in clinical and translational medicine.

Translational research is intentionally broadly defined and includes any basic, pre-clinical or clinical research with promise to improve human health. Basic research at the cellular and molecular level, pre-clinical research in animal models, clinical research in humans and outcomes or health services research are all eligible if the ultimate goal is to improve human health.

RFA issued in July, Applications due in October, Selection in February.

CO-Pilot Award Categories

Early-Stage Investigator Diversity Award - $30,000
- Mentored - $30,000
- Junior - $30,000
- CSU/UC Collaboration - $60,000

Total Project Budget: $0
CO/ CMH-Pilot Review Criteria

- **Innovation**: Is the proposal innovative and novel in its hypothesis, approaches and techniques?
- **Approach/Scientific Merit**: Are hypothesis and experimental approach sound? What is the likelihood of success given the experiments as outlined?
- **Cross-Disciplinary or Collaborative Focus**: Does the research involve a new collaborations, especially to increase its translational nature?
- **Significance (especially to the CCTSI mission)**: Will we understand/ diagnose/ prevent/ or treat human disease better?
- **Investigators**: *(NEW Diversity)*
- **Health Equity (NEW)**: Will the research address health inequity and/or the impact of the social determinants of health?
- **Environment**: Overall Environment/ Support/ Use of CCTSI and other Cores
- Diversity and Health Disparity are new (non-scoreable) criteria
ACCELERATING RESEARCH TO IMPROVE HEALTH
The CCTSI helps build research teams of the future, speed the development of new treatments and improve human health

Colorado Clinical and Translational Sciences Institute (CCTSI)
UNIVERSITY OF COLORADO DENVER | ANSCHUTZ MEDICAL CAMPUS

Regulatory Knowledge and Support
The Regulatory Knowledge and Support Core (RKSC) of the CCTSI provides a support structure to deal with the complexities of research regulatory compliance.

Research Ethics
This free consultative service is sponsored by the CCTSI and is available to all biomedical and behavioral researchers at CU Anschutz, as well as its institutional partners and clinical affiliates, who seek advice about ethically complex aspects of their research.

Trial Innovation Network
The Trial Innovation Network is a new collaborative initiative within the CTSA Program and is composed of three key organizational partners – the CTSA Program Hubs, the Trial Innovation Centers (TICs) and the Recruitment Innovation Center (RIC).

Clinical Research Support Team
Provides a pool of experienced study coordinators and regulatory staff to assist with clinical research study start-up, implementation and closeout.

Biostatistics, Epidemiology and Research Design (BERD)
Providing statistical collaboration and resources to CCTSI investigators and trainees. We facilitate clinical and translational research through statistical consultation, improved statistical literacy, through seminars and short courses, and advanced tools.

Recruit Participants
Access the many resources necessary for successful recruitment of participants for clinical research studies. Learn how to develop and implement a well-planned strategy.

Funding
Each year, the CCTSI awards more than $2 million in pilot grants, microgrants and pre-doctoral and post-doctoral research scholar awards.

Language for Grant Applications
CCTSI resources and other support details for your grant applications.

Protocol Submission
The Research Submission Portal process will ensure that your human subject research is ready for IRB submission.

Find a Researcher
The Colorado PROFILES search engine and social networking platform for biomedical researchers provides tools to help investigators and students find experts, potential collaborators or mentors.
