

LETTS meeting, December 5, 2014, Denver Campus

**Agenda**

Meet at the Auraria Library to review the Discovery Wall.

Discovery Wall Demo run by Amanda Burch, Learning Spaces Technology Coordinator

Report on research around FCQ response rates

Other Business

LETTS meeting, September 16, 2014, Denver Campus

Minutes

In attendance: Jessica Sowa (Public Affairs, Chair), Carol Golemboski (CLAS), Brent Wilson (Education), Laurel Hartley (Biology), Nikki McCaslin (Library, Secretary)

1. Members had the following discussion regarding FCQ's:

Response rates, especially online: at what point does the response rate make the evaluation invalid?

Try a select pilot with a few CU Online classes. The response rate between online and paper is not differentiated. Jessica will lead the research and send a couple of pages to members to share. Nikki will do a literature search and share next meeting.

We could create electronic "nags" to complete FCQ's.

Explore other providers, such as Qualtrics <http://www.qualtrics.com/>

Get an average percentage of response rates from Boulder.

2. LETTS will hold their December meeting in the library to view a demonstration of the Discovery Wall and other library initiatives.
