DIY See Thru Face Mask

Supplies

- 2 2" X 9.5" Cotton Fabric
- 2 -2" x 9.5" Dish Towel Fabric
- 1 2.5" x 7.5" Clear Plastic Vinyl
- 1 − 7" Twist Tie / Pipe Cleaner
- $1 \frac{1}{4}$ " x 13" for the top around the head attachment
- $1 \frac{1}{4}$ " x 10" for the bottom around the head attachment

Instructions

 Stitch cotton fabric and dish towel with right sides together across one long side. Repeat with second set of fabric.

- 2. Turn right sides out and press seam closed.
- 3. Stitch 3/8" from seam on outside across one set of fabrics to form pocket for pipe cleaner.

- 4. Press.
- 5. Insert pipe cleaner
- 6. Stitch vinyl to cotton/dish towel 1" from each end. DO NOT USE PINS FOR STABLIZATION THIS MAKES HOLES IN THE VINYL AND ALLOWS PARTICLES TO PASS THROUGH.

- 7. Press seams flat away from vinyl, being careful not to melt vinyl.
- 8. Fold ends of cotton /dish towel over to finish edges and press.

- 9. Attach the long piece of elastic to the top of mask.
- 10. Attach the short piece of elastic to the bottom of mask.
- 11. Fold mask in half and pinch twist tie/pipe cleaner to adjust to nose.
