

## FOR TRANSFER STUDENTS

### PROGRAM OVERVIEW

The study of philosophy is concerned with the transmission and evaluation of basic beliefs and values about reality, knowledge and logic, morality, and social justice. It provides a fundamental basis for understanding many areas+ of human endeavor, including science, art and literature, religion, communication, education, politics, and technology. It is not an easy field. But for more than 25 centuries philosophy has been judged most rewarding by those who seek self-development, intellectual sophistication, and the happiness of a reflective life.

The philosophy major involves the study of three major periods: ancient, modern and 20th-century philosophy. Classes are discussion-oriented as students are required to read selected texts from a group of major philosophers such as Plato, Nietzsche, Marx, and Foucault. The curriculum also includes extensive coursework in ethical theory and applied ethics, such as bioethics and business ethics. Additionally, students will be introduced to coursework that inquires into the nature of being and knowledge, as well as coursework that approaches major theoretical concepts from feminist perspectives.

### ACADEMIC ADVISING

The College of Liberal Arts and Sciences (CLAS) supports students to graduation using a shared advising system. CLAS students have two academic advisors with whom they should meet regularly to discuss academic and degree progress: a CLAS Academic Advisor and a major/faculty advisor.

FOR TRANSFER STUDENTS

COURSEWORK THAT CAN BE COMPLETED AT PREVIOUS INSTITUTION

The following is a “bucket” of requirements students can complete prior to transferring to CU Denver, including equivalent Colorado Community College System (CCCS) courses. To determine the equivalencies of courses to be completed at non-CU Denver institutions, students can visit [www.transferology.com](http://www.transferology.com). It is critical students connect with a CU Denver academic advisor to ensure planned courses will transfer *and* apply to CU Denver degree requirements. All non-CU Denver coursework must be completed with a C- or better to be eligible for transfer.

Students interested in completing an Associate (A.A. or A.S.) Degree or a [Colorado Statewide Transfer Articulation Agreement or Degree with Designation \(DWD\)](#) must work with their community/junior college academic advisor to create an academic plan that accounts for all degree or transfer articulation agreement requirements. Colorado Community College Students may also explore the option to complete [Reverse Transfer](#) at CU Denver.

**SAMPLE PLAN – COURSEWORK TO BE COMPLETED AT CU DENVER**

Based on successful completion of 60 applicable transfer credits and the complete “bucket” of requirements outlined above, students would have the following remaining to complete at CU Denver. At CU Denver, students must tailor this plan based on the evaluation of previously completed college coursework (e.g., AP, IB, CLEP, dual/concurrent enrollment, and transfer credit), course availability, individual preferences related to course load, summer term courses, part-time or full-time student status, or add-on programs such as minors or double-majors.

**Note: this plan assumes students have completed the CLAS Second Language proficiency requirement.** Students must demonstrate second language proficiency through a 2<sup>nd</sup> semester college-level course equivalent (e.g., SPA 1012 or ASL 1122) with a C- or higher, satisfactory proficiency testing (CU Denver Department of Modern Languages Placement Testing, BYU FLATS, CLEP), or submitting their high school transcript demonstrating completion of a 2<sup>nd</sup> year (Level II) high school course with a minimum grade of “C-” (1.7) in the 2<sup>nd</sup> semester of the 2<sup>nd</sup> year or later. Students may have additional options to fulfill this requirement and should consult a CU Denver CLAS Academic Advisor. **Students who have not fulfilled this requirement must work with a CU Denver CLAS Academic Advisor to modify this plan.**
